UDO §2.17.9. Criteria for Zoning Map Amendments

In its review of an application for a zoning map amendment, the Hearing Bodies shall consider the following criteria. No single factor is controlling; instead each must be weighed in relation to the other standards.

- (A) **Consistency.** Rezoning shall be consistent with the adopted Comprehensive Plan.
- (B) **Adverse Impacts on Neighboring Lands.** The Hearing Body shall consider the nature and degree of an adverse impact upon neighboring lands. Lots shall not be rezoned in a way that is substantially inconsistent with the uses of the surrounding area, whether more or less restrictive. The Town finds and determines that vast acreages of single-use zoning produces uniformity with adverse consequences, such as traffic congestion, air pollution, and social alienation. Accordingly, rezonings may promote mixed uses subject to a high degree of design control.
- (C) **Suitability as Presently Zoned.** The Hearing Body shall consider the suitability or unsuitability of the Tract for its use as presently zoned. This factor, like the others, should be weighed in relation to the other standards, and instances can exist in which the land may be rezoned to meet public need, to reflect substantially changed conditions in the neighborhood, or to effectuate important goals, objectives and policies of the Comprehensive Plan or UDO.
- (D) **Health, Safety, and Welfare.** The amending ordinance must bear a substantial relationship to the public health, safety or general welfare, or protect and preserve historical and cultural places and areas. The rezoning may be justified, however, if a substantial public need or purpose exists, even if the private owner of the Tract will also benefit.
- (E) **Public Policy.** Certain public policies in favor of the rezoning may be considered. Examples include a need for affordable housing, economic Development, mixed-use Development, or sustainable environmental features, which are consistent with neighborhood, area, or specific plans.
- (F) **Size of Tract.** The Hearing Body shall consider the size, shape, and characteristics of the Tract in relation to the affected neighboring lands. Amendatory ordinances shall not rezone a single Lot when there have been no intervening changes or other saving characteristics. Proof that a small Tract is unsuitable for use as zoned, or that there have been substantial changes in the immediate area, may justify ordinance rezoning.
- (G) **Other Factors.** The Hearing Body may consider any other factors relevant to the rezoning application under state law.

Applicant Representations. Except for rezoning requests submitted in accordance with the provisions herein for conditional use district rezonings, the Hearing Body shall not consider any representations made by the petitioner that, if the change is granted, the rezoned property will be used for only one of the possible range of uses permitted in the requested classification. Rather, the Hearing Body shall consider whether the entire range of permitted uses in the requested classification is more appropriate than the range of uses in the existing classification.
